

HELP BUILD THE FRAMEWORK THAT REDEFINES YOUR COMMUNITY

A BETTER PLACE TO LIVE,
WORK AND THRIVE.

You can help turn underserved communities into unlimited potential. As a resident of a community, you know your hopes for the neighborhood – safe streets with decent homes, access to groceries, a park for the kids to play, and a school where students can thrive. All of these can become a reality.

At Habitat for Humanity of Greenville, we partner with residents like you to improve the quality of life for entire neighborhoods. We do more than build homes – we contribute to the fabric of the community. From home rehabs to community gardens, new houses to financial literacy classes – we create solutions that are both attainable and sustainable.

But we can't do this work alone. We need to collaborate with partners who share a common vision, goals and values for the community. Partners who can work alongside us and help revitalize the neighborhood.
